

Sources

- (1) NHS SMS Physical Assault Statistics 2008/09
- (2) DH Workforce Statistics 2008 (published 30th September 2008)
- (3) Assaults per 1,000 staff (calculation based on DH figure)
- (4) Health body declaration of total staff (as at 31st March 2009)
- (5) Assaults per 1,000 staff (calculation based on health body declared figure)
- (6) Health body declaration of total criminal sanctions applied during the period 1st April 2008 to 31st March 2009

Notes

Physical assault statistics are validated by the NHS SMS. All other data sets are the responsibility of DH (source 2) or the individual health body (sources 4 and 6). DH staff figures were published at September 2008 and health body figures were provided at March 2009. Both have been listed as there is some variance.

Data rounding may mean some figures appear to be incorrect. The results are held exactly and rounded for display.

IMPORTANT - care should be taken when comparing assault figures as there are many factors which may influence a health body's published figures including: a) population served b) geographical setting (i.e rural/urban), c) level of provision of mental health, learning disability and elderly care services, d) changes in service provision, e) health body amalgamations and splits f) embedding of reporting culture.

Notes

"-" indicates figure not declared

(a) Mental Health Services provided by Dudley PCT and Walsall PCT were amalgamated on 1st October 2008 to form Dudley and Walsall Mental Health Partnership NHS Trust. As a result Dudley PCT and Walsall PCT's published figures include assaults in Mental Health Services from 1st April 2008 to 30th September 2008 only. The staff figure for these trusts may appear skewed due to variation in dates of publication.

Physical assault statistics are validated by the NHS SMS. All other data sets are the responsibility of DH (source 2) or the individual health body (sources 4 and 6). DH staff figures were published at September 2008 and health body figures were provided at March 2009. Both have been listed as there is some variance.

- (3) Assaults per 1,000 staff (calculation based on DH figure)
- (4) Health body declaration of total staff (as at 31st March 2009)
- (5) Assaults per 1,000 staff (calculation based on health body declared figure)
- (6) Health body declaration of total criminal sanctions applied during the period 1st April 2008 to 31st March 2009

Notes

"-" indicates figure not declared

Physical assault statistics are validated by the NHS SMS. All other data sets are the responsibility of DH (source 2) or the individual health body (sources 4 and 6). DH staff figures were published at September 2008 and health body figures were provided at March 2009. Both have been listed as there is some variance.

Data rounding may mean some figures appear to be incorrect. The results are held exactly and rounded for display.

IMPORTANT - care should be taken when comparing assault figures as there are many factors which may influence a health body's published figures including: a) population served b) geographical setting (i.e rural/urban), c) level of provision of mental health, learning disability and elderly care services, d) changes in service provision, e) health body amalgamations and splits f) embedding of reporting culture.

In some instances, provision of elderly care services in the acute sector may contribute towards high assault figures.

Name of health body	Total assaults ⁽¹⁾	DH total staff ⁽²⁾	Assaults per 1,000 staff ⁽³⁾	Declared total staff ⁽⁴⁾	Assaults per 1,000 staff ⁽⁵⁾	Declared sanctions ⁽⁶⁾

 (3) Assaults per 1,000 staff (calculation based on DH figure)
 (4) Health body declaration of total staff (as at 31st March 2009)
 (5) Assaults per 1,000 staff (calculation based on health body declared figure)
 (6) Health body declaration of total criminal sanctions applied during the period 1st April 2008 to 31st March 2009

Notes

"-" indicates figure not declared

Physical assault statistics are validated by the NHS SMS. All other data sets are the responsibility of DH (source 2) or the individual health body (sources 4 and 6). DH staff figures were published at September 2008 and health body figures were provided at March 2009. Both have been listed as there is some variance.

Data rounding may mean some figures appear to be incorrect. The results are held exactly and rounded for display.

IMPORTANT - care should be taken when comparing assault figures as there are many factors which may influence a health body's published figures including: a) population served b) geographical setting (i.e rural/urban), c) level of provision of mental health, learning disability and elderly care services, d) changes in service provision, e) health body amalgamations and splits f) embedding of reporting culture.

Notes

"-" indicates figure not declared

(a) Mental Health Services provided by Dudley PCT and Walsall PCT were amalgamated on 1st October 2008 to form Dudley and Walsall Mental Health Partnership NHS Trust. As a result Dudley PCT and Walsall PCT's published figures include assaults in Mental Health Services from 1st April 2008 to 30th September 2008 only. The staff figure for these trusts may appear skewed due to variation in dates of publication.

Physical assault statistics are validated by the NHS SMS. All other data sets are the responsibility of DH (source 2) or the individual health body (sources 4 and 6). DH staff figures were published at September 2008 and health body figures were provided at March 2009. Both have been listed as there is some variance.

Data rounding may mean some figures appear to be incorrect. The results are held exactly and rounded for display.

IMPORTANT - care should be taken when comparing assault figures as there are many factors which may influence a health body's published figures including: a) population served b) geographical setting (i.e rural/urban), c) level of provision of mental health, learning disability and elderly care services, d) changes in service provision, e) health body amalgamations and splits f) embedding of reporting culture.

Health bodies have been categorised under the Mental Health Sector where mental health and/or learning disability services constitute a significant proportion of their overall service provision.

Sources

- (1) NHS SMS Physical Assault Statistics 2008/09
 (2) DH Workforce Statistics 2008 (published 30th September 2008)
 (3) Assaults per 1,000 staff (calculation based on DH figure)
 (4) Health body declaration of total staff (as at 31st March 2009)
 (5) Assaults per 1,000 staff (calculation based on health body declared figure)
 (6) Health body declaration of total criminal sanctions applied during the period 1st April 2008 to 31st March 2009

Notes

"-" indicates figure not declared

Physical assault statistics are validated by the NHS SMS. All other data sets are the responsibility of DH (source 2) or the individual health body (sources 4 and 6). DH staff figures were published at September 2008 and health body figures were provided at March 2009. Both have been listed as there is some variance.

Data rounding may mean some figures appear to be incorrect. The results are held exactly and rounded for display.

IMPORTANT - care should be taken when comparing assault figures as there are many factors which may influence a health body's published figures including: a) population served b) geographical setting (i.e rural/urban), c) level of provision of mental health, learning disability and elderly care services, d) changes in service provision, e) health body amalgamations and splits f) embedding of reporting culture.

Variation in assault figures for PCTs may be due to split or amalgamation of provider and commissioning services taking place prior to 1st April 2009. In some instances, provision of community hospitals, elderly care or learning disability services in the PCT sector may contribute towards high assault figures.
