- (1) NHS Protect Physical Assault Statistics 2014/15
- (2) Physical assaults at (1) that involved medical factors (see notes below)
- (3) Physical assaults at (1) that did not involve medical factors
- (4) Health body declaration of total staff (as at 31st March 2015)
- (5) Assaults per 1,000 staff (calculation based on (4))

- (7) Health body declaration of total civil and administrative sanctions applied during the period 1st April 2014 to 31st March 2015

**Notes**

Physical assault statistics (1) are validated by NHS Protect. All other data sets are the responsibility of the individual health bodies. Where health bodies have undergone mergers during the year, the published statistics for the new organisation include figures both pre and post merger. The declared total staff figures were provided as at 31st March 2015.

Source (2) are the number of physical assaults where the perpetrator did not know what they were doing, or did not know what they were doing was wrong due to medical illness, mental ill health, severe learning disability or treatment administered. These figures have been calculated by applying the percentage of total declared assaults identified as involving medical factors, to the validated total assault figure at (1).

Declared Criminal Sanctions (6) include but are not limited to: Cautions & Conditional Cautions, Community Rehabilitation or Punishment Orders, Conditional Discharges, Fines, Fixed Penalty Notices, Imprisonment (including suspended sentences) and Restorative Justice.

Declared Civil and Administrative Sanctions (7) include but are not limited to: Acceptable Behaviour Agreements, Banning from Premises, Harrassment Warning Issued, Injunction, Use of CJA Powers, Violent Patient Scheme/History Marking Procedure and Warning Letters.

**IMPORTANT** - care should be taken when comparing assault figures as there are many factors which may influence a health body's published figures including: a) population served b) geographical setting (i.e. rural/urban), c) level of provision of mental health, learning disability and elderly care services, d) changes in service provision, e) health body amalgamations and splits f) embedding of reporting culture.
